

# Wireless fire alarms at a scale not known before

## Zero wires beyond the panel.

Thousands of devices.

Installation made simple, even  
for the most complex projects.

Virtually no  
disruption

20x faster  
installation

Adaptable  
and scalable

No translators  
or expanders –  
no first-fix

With MeshBeyond™ technology, our systems self-form and self-heal, ensuring stability that rivals wired systems.
